

Healthcare and Benefits Platforms: U.S. Presidential Candidates 2020

As the election draws closer, it's of utmost importance to discern the positions of a candidate to understand the implications on your benefits, your business operations and your workforce. Reference this streamlined resource to help you make sense of the decisions and stances each candidate has taken today.

HEALTH PLANS	Expand choice and lower cost – modify ACA/continue pursuit of ACA redo, cover all pre-existing conditions
	Expand choice and lower cost –introduce public option
LOWER HEALTH CARE COSTS	Put patients and doctors back in charge of the healthcare system, lower healthcare insurance premiums, improve access and cost in rural America
	Additional tax credits to lower income individuals, premium tax credits
PRESCRIPTION DRUGS	Cut drug prices, cost transparency, expand importation of drugs from Canada, continued focus to address drug addiction and opioid use, refill stockpile, US manufacturing
	Negotiating Medicare drug prices, limiting launch prices, ending abuse, overseas purchase
OTHER INITIATIVES	End surprise billing, protect Medicare and Medicaid, protect our Veterans, provide world-class healthcare and services
	End surprise billing, mental health parity, expanding access to contraceptives, funding for Planned Parenthood
